

HR ATTRITION DASHBOARD

A demographic report summarizes employee statistics, including age groups, gender, distance from home, and marital status, providing insights into workforce diversity and commuting patterns for informed decision-making.

The Turnover Analysis I report provides insights into employee attrition, including departures by department, job roles affected, business travel impact, and total years in the current role, aiding in workforce management and retention strategies.

A turnover analysis report consolidates employee data, featuring attrition by job level, overtime performance ratings, monthly income, and attrition increase levels, offering critical insights for effective HR strategies and decision-making.

In Employee Wellness we will explore average monthly income, environment satisfaction, performance rating, job involvement, work life balance, job satisfaction etc.
